# SPEAK UP

## VERSE 1

She was sittin' on the bus, on the way to school  
They were making fun of her, life can be so cruel  
She was starin' out the window, wishin' she was home  
When someone spoke up and said, "Hey, leave her alone"

## VERSE 2

Well he was feeling down and right out of luck  
He'd done his best and told, he wasn't good enough  
He was going nowhere, way beyond the blue  
Til' a mate cheered him up somehow, he pulled him through

## CHORUS:

**You gotta Speak up, even if your voice shakes**  
**You gotta Stand up, even if your world breaks**  
**Be there for one another, we're all in this together**  
**You gotta Speak up, even if your voice shakes**

## VERSE 3

She was breaking inside, where hurts are hard to mend  
Sittin' by herself, she needed a friend  
And when someone came on over and they talked for a while  
A light flicked on, her eyes lit up and she raised a smile

## CHORUS:

**You gotta Speak up, even if your voice shakes**  
**You gotta Stand up, even if your world breaks**  
**Be there for one another, we're all in this together**  
**You gotta Speak up, even if your voice shakes**

## VERSE 4

She was breaking inside, where hurts are hard to mend  
Sittin' by herself, she needed a friend  
And when someone came on over and they talked for a while  
A light flicked on, her eyes lit up and she raised a smile

## CHORUS:

**You gotta Speak up, even if your voice shakes**  
**You gotta Stand up, even if your world breaks**  
**Be there for one another, we're all in this together**  
**You gotta Speak up, even if your voice shakes**

## BRIDGE:

Family and friends, ya' gotta hug a little tighter  
You can make a difference, make it brighter

## CHORUS

**Speak up, even if your voice shakes**  
**Stand up, even if your world breaks**  
**You gotta Speak up, even if your voice shakes**  
**You gotta stand up, even if your voice shakes**

**You gotta speak up**
